

Date 12<sup>th</sup> June 2018

Dear Parent/carer,

Following consultation with the Department for Education, Salford Academy Trust are currently exploring the best option for our schools' future so we can ensure that each is able to deliver the excellent education we want for all the children and communities we serve. We are currently in discussions with United Learning about the possibility of our four academies joining its family of schools. In Greater Manchester, this includes four secondary and two primary academies including Salford City Academy.

These discussions are ongoing but have yet to be concluded. I will update you as soon as I am able to on their outcome. I am confident of being able to do so well before the end of term. In the meantime, I thank you for your patience.

Yours faithfully,

Karl Mackey

Principal
