

OVERVIEW

In Year 9, students will consolidate and further develop language and grammatical concepts seen in previous years. Students will continue to develop and improve their skills in speaking, listening, reading and writing, so that by the end of KS3, students will have acquired a level of confidence and proficiency in producing both spoken and written Spanish. We aim to enable and encourage students to have developed their knowledge and appreciation of other cultures and traditions, along with an enthusiasm for and love of languages.
