

9<sup>th</sup> June 2025

Dear Parent/Carer,

**Year 9 End-of-Year Assessments, June 2025**

Next half term, all year 9 students will complete end-of-year written assessments for English, Maths, Science, History, Geography, RE and Spanish. All other subjects will receive an average mark from in class assessments taken throughout the year.

These assessments are useful for many reasons:

- To review students' progress this year.
- To inform the class sets for your child in year 10
- Teachers use the results to plan their curriculum
- For students to practice sitting formal assessments, to be fully prepared for their GCSE and BTEC exams in Key Stage 4.

Most assessments will take place in the sports hall. If your child is entitled to an exam access arrangement, we will make sure this is in place for them.

Once assessments have been completed and marked, results will be shared with both students and families through an end-of-year report. We will also produce a Rank Order, to see how students have performed against other students in all subjects and to inform set changes.

Please see a breakdown of the assessments below:

Students have received a revision pack to support them in preparation for these assessments. You can find these resources and more information about the assessments on our website here:

It is important that students prepare well for the assessments. As students enter year 10, they will begin their key stage 4 courses and should begin to build good habits now, ahead of exams in year 11. Please do support your child in preparing for the assessments and ensure your child attends school every day. The assessments should be a positive experience for students, so please do get in touch if you or your child have any questions.

Yours sincerely

Ms Y Morris  
Assistant Principal
