The Albion Academy
The best in everyone™
Part of United Learning

5th November

Dear Parents/Carers,

Attendance and Absence from School Update.

I thank you for your support with your child's attendance at the start of this Half Term 2).

We are thrilled to report that the majority of children have returned really well following the Half Term break. Our pupil absence is low, with only a handful of pupils missing school daily.

Your support here as parents is really important, you have the biggest effect on your child's attendance at school.

We know children will fall behind if they miss school as well as miss out on friendships and mental wellbeing by not attending here daily.

With this in mind we ask you to keep doing your best to ensure your child attends school every day. Our attendance team is also there to help support you in this and will make contact in the event of absences.

Kind regards,

Mathew Rogers

Principal
